

# HEALTH & SAFETY EXPECTATIONS FOR ATHLETES

## 5 STEPS TO SAFE COMPETITION

There are key health and safety protocols that have been developed to prevent transmission of COVID-19 amongst participants in Crankworx Innsbruck 2021, as well as to the community in Innsbruck. All participants will be expected to strictly adhere to these in order to help keep the event safe. We will send you a more in-depth version once you are registered and closer to the event. Please note, these guidelines may change based on a daily base related to the local Covid-19 situation.

### Be mindful before planning your trip with following points:

- Please check the Austrian travel advisories as well as your home country's travel advisories to confirm that you are permitted to travel to and enter Austria.  
<https://www.austria.info/en/service-and-facts/coronavirus-information>
- Every registered and accredited athlete (including their essential support; e.g., mechanics) will receive an invitation letter from the LOC to prove to be part of the event.
- A step-by-step guide to your entry into Austria will be provided by Crankworx Innsbruck prior to your arrival, approx. 2 weeks pre-event.

### Crankworx Innsbruck is following these five steps to safe competition

- 1. Access with Accreditation only**
  - a. Only accredited and essential individuals at the venue at Bikepark Innsbruck.
- 2. Limited Numbers**
  - a. Access to the venue will be limited to approved and accredited athletes, support teams and individuals, along with minimizing the number of staff, suppliers and volunteers on-site.
- 3. Health Rules and Regulations**
  - a. "Above and beyond" approach to rules in place by local health authorities.
  - b. Instruction of all participants on current COVID-19 regulations and Crankworx Innsbruck's COVID- 19 guidelines.
  - c. Accreditation and access to venue contingent on completion of a health and wellness screening only.
  - d. During whole stay on site, everyone needs a negative anti-corona test which is not older than 48h.
- 4. Minimized Interactions**
  - a. All participants will be divided into pre-arranged groups ("bubbles").
  - b. Key health- and safety protocols take place where these groups intermingle.
- 5. Distancing, Disinfecting and Masks**
  - a. Strict protocols in place to protect all individuals on site and wearing FFP-2-masks at the venue.

*Let's stick to the rules and act responsibly so we can celebrate the best action in the world of mountain biking and show it to the rest of the world, while we all stay safe!*
